

EMCON TEMPEST Level I USB Token Enclosure

EMCON's TEMPEST Level I USB Token Enclosure unit allows the use of an external USB token with an EMCON TEMPEST Level I workstations.

The unit is designed to host a wide variety of secure, encrypted or biometric USB tokens.

The Enclosure features a lid interlock which ensures TEMPEST integrity.

This enclosure meets the requirements of: NSTISSAM TEMPEST/1-92, Level I; CID09/15A, Level I; and SDIP-27 Level A (providing the equipment and associated systems are installed to the requirements identified in SDIP-29).
